Rated 5 out of 5 by Anonymous from I love this game! This game is so fun and addicting! You can create your own avatar or characters and make them the way you want to. Then you can go on adventures with your friends all over various places, such as the woods, Medieval times, Downtown, or even outer space. You can do this in a bunch of different games. Not only is there adventure games, but you can play games like a shooter game, or even just a regular sandbox game where anything goes. There are a lot of things to do on this game, and it's worth the money!

Roblox was created by a company called Ellation. According to Wikipedia, Ellation is a gaming production company based in San Francisco, California. They started out with games that were mainly for children but now have many different types of games in which you can play with your friends and family. Some of the games have mini-games where you can buy special items or earn coins in order to unlock new areas or items. Robux is the virtual currency of Roblox and can be bought in packages or earned in-game.

Rated 5 out of 5 by Anonymous from Super fun, but gets expensive Really fun game, and very realistic in-game items. However after a while, it

can get pretty expensive. It is currently \$8.99 USD to purchase an additional character slot. Definitely worth it at first, but you will eventually outgrow the game if you don't have the money.

I love Roblox, but there are some things that I don't like. My favorite aspects of Roblox are that it's fun and easy to play with my friends online, and it has funny ways of making you laugh or feeling nervous. My least favorite aspect is that if you use your neighbor's computer (turn it on/jack in) you can't change your username or skin. Also, there are players who break laws such as swear words, so they get banned from Roblox for doing so. I don't think Roblox should be edited at all, but just taken off.
