Some users have also claimed that ROBLOX never responds to or bans reported users. This is because there are many cases where both inappropriate content spreads rapidly through the site, but ROBLOX does nothing about it because they do not want to ban accounts for minor rule violations like swearing, nudity or spamming in chat.

In February 2021, it was reported that a game called "Miner's Haven" has been criticized by Roblox users for having a suicide feature where players would have the option of killing themselves when their health reached zero. The players who played this game received a message from the developer named Master Zen said that he was working on an update that removed this feature. The update was released in March 2021 and it included an anti-suicide feature where the health would reset to 100 instead of 0. However, the developer confirmed that he would "still allow players to commit suicide if they are in the mood". To make up for this issue, Master Zen released a series of development updates that included fixing bugs and adding new features to "Miner's Haven".

This user was not banned from the site for a long time, which attracted hordes of people to his server.
